**Department of Computer Science**

**Seminar**

**CERTIFICATE**

This is to certify that Shri. Rahuf Shaikh Class :- M.Sc - IInd  
Year IV Sem (Comp.Sci.) Seat No CXD401721 Has satisfactorily  
perform the Seminar on **BILLING OF ELECTRICITY** as per  
instructed by Dr. B.A.M.U. Aurangabad during the academic year  
2021-22.

Date :- 12 / 07 /2022.

  
Incharge Lecture  
(Mr. Suryakant K)

  
External Examiner  
(-----)

  
Head of Department  
HEAD

# BILLING OF ELECTRICITY

## 2. Abstract

The purpose of Electricity Billing System is to automate the existing manual system by the help of computerized equipments and full-fledged computer software, fulfilling their requirements, so that their valuable data/information can be stored for a longer period with easy accessing and manipulation of the same. The required software and hardware are easily available and easy to work with.

Electricity Billing System, as described above, can lead to error free, secure, reliable and fast management system. It can assist the user to concentrate on their other activities rather to concentrate on the record keeping. Thus it will help organization in better utilization of resources. The organization can maintain computerized records without redundant entries. That means that one need not be distracted by information that is not relevant, while being able to reach the information.

The aim is to automate its existing manual system by the help of computerized equipments and full-fledged computer software, fulfilling their requirements, so that their valuable data/information can be stored for a longer period with easy accessing and manipulation of the same. Basically the project describes how to manage for good performance and better services for the clients.
